PROFESSIONAL EXPERIENCE

Senior Product Designer (UI/UX) — XIPHIAS Immigration Pvt. Ltd., Bangalore Aug 2022 – Present

- **Led design for 8+ live products** across immigration, e-commerce, print, and real estate, owning research, wireframing, UI design, and developer handoff.
- **Rebuilt the flagship immigration platform solo in 3 months**, shipping 25+ country pages and 30+ program views, contributing to a 30% lift in organic traffic post-launch.
- **Built a scalable design system** with reusable components, design tokens, and theming that supports public and admin themes in light and dark modes.
- **Shipped production front-end UI** in React, Next.js, TypeScript, and Tailwind CSS, including server components, accessible primitives (WCAG AA), and performance-optimized assets.
- **Improved conversion** by replacing exit-intent popups with embedded consultation forms, applying progressive disclosure to long flows, and adding contextual error and empty states.
- **Partnered with founders, PMs, and engineering** to translate business goals into design decisions and ensure on-brand, on-spec delivery across the group portfolio.

Product Designer & Front-End Developer (Freelance) — Harmony Luxe 2024 – 2025

- **Designed and shipped two brand sites end-to-end** (harmony-luxe-spa.vercel.app and harmonyluxe.in), covering visual identity, responsive UI, and production front-end.
- **Owned the full UX lifecycle** for service discovery, booking intent, and mobile responsiveness as the sole designer and developer.

Product Designer (UI/UX) — Iris DIT 2023 – 2024

- **Designed a B2B digital product website** covering information architecture, service pages, lead-generation flow, and responsive UI.
- **Maintained brand consistency** across desktop and mobile, delivering annotated specs for engineering handoff.

UI/UX Design Intern — Octokart, Bangalore Jan 2021 – Mar 2021

- **Created mobile app wireframes and prototypes** for core consumer flows, then iterated based on usability testing before development handoff.
- **Documented UI patterns and specifications** to support engineering implementation.
